***On the Backroads of Tuscany***  
Running time: 26 minutes

*On the Backroads of Tuscany* journeys behind the scenes for a closer look into the soul of Italy's most famous region. In the central cities of Florence and Siena, as well as seaside villages, picturesque islands, intimate hill towns and the peaceful countryside, travelers discover local passions, both modern and historic.

The film captures the details of everyday Tuscan life including the grape harvest and olive pick, evenings in the central piazza, explorations of Florence's lesser-known neighborhoods, and shopping in antique shops and food markets. Through the eyes of locals, visit pottery and alabaster studios, experience the pomp and the pageantry of Siena's *Palio*, and discover secrets of familiar sites.
